## SNUGHOOKS

Snughooks represent the latest and safest hook on the market. Snughooks are smooth-faced, recessed hooks; eliminating the dangers associated with protruding wall hooks. Snughooks are ideal for educational institutes and public areas and can be used to store items such as school bags, minimising potential trip hazards.

## PRODUCT INFORMATION

### FEATURES

- The patented and recessed design provides easy use with no protruding hooks, making it one of the safest hook systems available on the market.
